ANASSA HOTEL

CYPRUS

Nestled within the grassy hilltops of Latchi, Anassa Hotel stands as a beacon of Cypriot charm and tranquillity. A Mediterranean oasis designed in the style of a whitewashed Byzantine village, it's easy to see how this five-star residence has been named as one of the best hotels in the world.

Family is very much at the heart of Anassa. Owned and run by the second generation of the Michaelides family, the hotel is famed for its idyllic setting, crystal-clear waters, vast gardens of olive groves and ultra-chic design. The hotel has four main restaurants, each boasting its own selection of fresh produce, unique style and top-level cooking. Emphasising well-being as well as beautiful food, the award-winning Thalassa Spa (from the Greek word for sea) is a haven for total rest and relaxation.

By all accounts, Anassa is a sanctuary for the senses, one that will leave you feeling that you have been wholly welcomed into the heart of Cyprus, free to relax, recharge and bask in the joy of total serenity.
